FUND SNAPSHOT

- Flexible strategy drawing on Credo's equity and fixed income expertise
- Invests both directly and via collective investments
- Fixed income allocation aims to smooth volatility
- UK bias with selective international exposure
- Multi-capitalisation approach, including large, mid and small-cap companies

OBJECTIVE AND PHILOSOPHY

The investment objective of the Credo Dynamic Fund is to provide attractive risk-adjusted returns from a diversified portfolio of equity, fixed income and liquid alternative investments, with a focus on sterling assets. The fund aims to achieve equity-like returns over the long term but with lower risk.

The Fund is actively managed and has flexibility to allocate capital across asset classes depending on market conditions, adapting the investment style to complement the market cycle. The Fund Managers recognise the value in long-term compounding of returns, so aim to build a diverse portfolio of core investment holdings whilst also seeking alpha generating opportunities in under-researched areas of the market.
